**GRANT AGREEMENT
EDS # A70-1-106040**

**15960-573100-Statefunds
SCD 119-1**

This Grant Agreement, entered into by and between the **Indiana State Department of Health** (the "State") and **Elkhart County Health Department** (the "Grantee"), is executed pursuant to the terms and conditions set forth herein. In consideration of those mutual undertakings and covenants, the parties agree as follows:

1. Purpose of this Grant Agreement

The purpose of this Grant Agreement is to enable the State to award a grant from the State of Indiana's State Funded **State Chronic Diseases** Fund of up to **\$8,200** to the Grantee for eligible costs of the project (the "Project") or services as described in Attachments A and B of this Grant Agreement, which is attached hereto and incorporated herein. The funds shall be used exclusively in accordance with the provisions contained in this Grant Agreement.

2. Term

This Grant Agreement shall commence on **February 1, 2011**, (the Commencement Date) and shall remain in effect through **June 30, 2011**, (the Expiration Date). In no event shall payments be made for work done or services performed before the Commencement Date or after the Expiration Date.

3. Design and Implementation of Project

The Grantee shall be solely responsible for the proper design and implementation of the Project as described in Attachments A and B. Modification of the Project shall require prior written approval of the State.

4. Monitoring Reviews by the State

The State may conduct an on-site monitoring review of the Project. The monitoring review may document any of the following:

- A. Whether Project activities are consistent with those set forth in Attachments A and B, and the terms and conditions of the Grant Agreement.
- B. A complete, detailed analysis of actual state, local and/or private funds expended to date on the Project and conformity with the amounts for each budget line item as set forth in Attachments A and B.
- C. A detailed listing of all Project costs by project budget line item which are accrued yet unpaid, if any.

A written evaluation as to the Grantee's timely progress in project management, financial management and control systems, procurement systems and methods, and performance relative to timely submission of project reports.

5. Payment of Grant Funds by the State

The payment of this Grant by the State to the Grantee shall be made in accordance with the following schedule and conditions:

- A. This Grant Agreement must be fully executed.
- B. All items required by Attachments A and B must be submitted to and approved by the State.
- C. Any other grant conditions as specified in Attachments A and B must be met to the State's satisfaction.
- D. The State may require evidence furnished by the Grantee that substantial progress has been made toward completion of the Project prior to making the first payment under this Grant. All payments are subject to the State's determination that the Grantee's performance to date conforms to the Project as approved, notwithstanding any other provision of this Grant Agreement.
- E. If advance payment of a portion of the grant funds is permitted by statute, and the State agrees to provide such advance payment, it shall be made only upon submission of a proper claim setting out the intended purposes of those funds. After such funds have been expended, Grantee shall provide State with a reconciliation of those expenditures.
- F. If this Grant Agreement is terminated by either party prior to the Expiration Date set forth in Paragraph 2 of this Grant Agreement, the State may promptly conduct an on-site monitoring of the Project and complete a Project monitoring report.
- G. Failure to complete the Project and expend State, local and/or private funds in accordance with this Grant Agreement may be considered a material breach, and shall entitle the State to impose sanctions against the Grantee including, but not limited to, suspension of all grant payments, and/or suspension of the Grantee's participation in State grant programs until such time as all material breaches are cured to the State's satisfaction. Sanctions may also include repayment of all State funds expended that are not in the scope of this Project or the Budget.
- H. All payments shall be made in arrears in conformance with State fiscal policies and procedures and, as required by IC 4-13-2-14.8, by electronic funds transfer to the financial institution designated by the Grantee in writing unless a specific waiver has been obtained from the Auditor of State. No payments will be made in advance of receipt of the goods or services that are the subject of this Grant except as permitted by IC 4-13-2-20 or by the statute authorizing this Grant.

6. Audits and Maintenance of Records

- A. Following the termination of this Grant Agreement, the Grantee shall secure an audit of grant funds. An independent public accountant or certified public accountant (Auditor) or the State Board of Accounts shall conduct this audit in accordance with Generally Accepted Government Auditing Standards ("GAGAS") and any other applicable audit guidelines or any standards specified by the State. These standards include Indiana Code 5-11-1 and the Indiana State Board of Accounts publication "Guidelines for the Examination of the Entities Receiving Financial Assistance from Governmental Sources." The Grantee must submit the audit either thirty (30) days after receipt of the Auditor's report(s) or nine (9) months after the close of the audit period, whichever is earlier, unless the ISDH Audit Section provides a written waiver. The Grantee must provide its Audit Report to the Indiana State Department of Health, 2 North Meridian Street, Audit Section 2C99, Indianapolis, Indiana 46204. The Grantee agrees to provide a readable copy, or original, if requested by the State, of all audits secured by the Grantee to meet this provision.
- A. The Grantee's audit shall be an audit of the actual entity or the distinct portion thereof that performs the functions of the Grant Agreement, and not of a parent, member, or subsidiary corporation of the Grantee, unless the Indiana State Board of Accounts or State requests an expanded audit. The audit shall include a statement from the Auditor that the Auditor has reviewed this Grant Agreement and that the Grantee is not out of compliance with the financial aspects of this Grant Agreement.
- B. The State and the Indiana State Board of Accounts reserve the right to approve any auditor who conducts the audit. If the State requests, the Grantee shall require its subgrantees to secure audits in accordance with subparagraph A, and to timely file all reports required by the Indiana State Board of Accounts.
- C. Grantee shall maintain books, records, documents, including but not limited to statistical reports, program reports, payroll records, banking records, accounting records, and purchase orders that are sufficient to document Grantee's program and financial activities under this grant and Grantee's claims for reimbursement as required by law, and any other evidence which, according to generally accepted accounting procedures, identifies costs attributable to the services specified on Attachments A and B of this Grant Agreement and any other documents required under the terms of this Grant Agreement. The Grantee shall comply with the cost principles set forth in the federal Office of Management and Budget Circular A-122. The Grantee shall maintain a written cost allocation plan identifying procedures for attributing costs to each component code and service.
- The State may require more restrictive fiscal accountability, beginning upon written notice, if the State determines the Grantee is financially unstable, has a history of poor accountability, or has a management system that does not meet the standards required by the State of Indiana or the United States Government.
- D. The Grantee must use internal controls that assure: 1) the reliability of financial information and records; 2) effectiveness and efficiency of operations; 3) proper execution of management's objectives; and 4) compliance with laws and regulations. Sufficient internal controls include but are not limited to segregation of duties and safeguarding controls over cash, other assets, and information processing.

- E. Upon written demand by the State, the Grantee will repay the State all money paid during any period of time when an audit showed inadequate fiscal documentation.
- F. If the State finds an audit exception, it may set off the amount against current or future allowable invoices, demand a cash payback, withhold payment of current invoices, or avail itself of any combination of the above remedies.

7. Project Budget and Budget Modification

The approved Project Budget is set forth as Attachments A and B of this Grant Agreement. The Grantee shall not spend more than the amount for each line item, as described in the Budget, without the prior written consent of a duly authorized representative of the State, nor shall the Project costs funded by this Grant Agreement and those funded by the local and/or private share be amended without the prior written consent of the State.

8. Statutory Authority of Grantee

The Grantee expressly represents and warrants to the State that it is statutorily eligible to receive these monies and it expressly agrees to repay all monies paid to it under this Grant, should a legal determination of its ineligibility be made by any court of competent jurisdiction.

9. Use of Grant Funds by Grantee

The funds received by the Grantee pursuant to this Grant Agreement shall be used only to provide directly observed therapy (DOT) to TB suspects and cases in Elkhart County as described fully in Attachments A and B and for no other purpose.

10. Compliance with Laws

- A. The Grantee shall comply with all applicable federal, state and local laws, rules, regulations and ordinances, and all provisions required thereby to be included herein are hereby incorporated by reference. The enactment or modification of any applicable state or federal statute or the promulgation of rules or regulations thereunder after execution of this Grant shall be reviewed by the State and the Grantee to determine whether the provisions of this Grant require formal modification.
- B. The Grantee and its agents shall abide by all ethical requirements that apply to persons who have a business relationship with the State as set forth in IC 4-2-6, *et seq.*, IC 4-2-7, *et seq.*, the regulations promulgated thereunder, and Executive Order 04-08, dated April 27, 2004. If the Grantee is not familiar with these ethical requirements, the Grantee should refer any questions to the Indiana State Ethics Commission, or visit the Inspector General's website at <http://www.in.gov/ig/>. If the Grantee or its agents violate any applicable ethical standards, the State may, in its sole discretion, terminate this Grant immediately upon notice to the Grantee. In addition, the Grantee may be subject to penalties under IC 4-2-6, 4-2-7, 35-44-1-3, and under any other applicable laws.

- C. The Grantee certifies by entering into this Grant that neither it nor its principal(s) is presently in arrears in payment of taxes, permit fees or other statutory, regulatory or judicially required payments to the State. The Grantee agrees that any payments currently due to the State may be withheld from payments due to the Grantee. Additionally, further work or payments may be withheld, delayed, or denied and/or this Grant suspended until the Grantee is current in its payments and has submitted proof of such payment to the State.
- D. The Grantee warrants that it has no current, pending or outstanding criminal, civil, or enforcement actions initiated by the State, and agrees that it will immediately notify the State of any such actions. During the term of such actions, the Grantee agrees that the State may delay, withhold, or deny work under any supplement, amendment, change order or other contractual device issued pursuant to this Grant.
- E. If a valid dispute exists as to the Grantee's liability or guilt in any action initiated by the State or its agencies, and the State decides to delay, withhold, or deny work to the Grantee, the Grantee may request that it be allowed to continue, or receive work, without delay. The Grantee must submit, in writing, a request for review to the Indiana Department of Administration (IDOA) following the procedures for disputes outlined herein. A determination by IDOA shall be binding on the parties. Any payments that the State may delay, withhold, deny, or apply under this section shall not be subject to penalty or interest, except as permitted by IC 5-17-5.
- F. The Grantee warrants that the Grantee and its subgrantees, if any, shall obtain and maintain all required permits, licenses, registrations, and approvals, and shall comply with all health, safety, and environmental statutes, rules, or regulations in the performance of work activities for the State. Failure to do so may be deemed a material breach of this Grant and grounds for immediate termination and denial of further work with the State.
- G. The Grantee affirms that, if it is an entity described in IC Title 23, it is properly registered and owes no outstanding reports to the Indiana Secretary of State.
- H. As required by IC 5-22-3-7:
- (1) The Grantee and any principals of the Grantee certify that:

Grantee will give written notice to the State within ten (10) days after receiving actual notice that the Grantee, or an employee of the Grantee in the State of Indiana has been convicted of a criminal drug violation occurring in the workplace. False certification or violation of the certification may result in sanctions including, but not limited to, suspension of grant payments, termination of the Grant and/or debarment of grant opportunities with the State of Indiana for up to three (3) years.

In addition to the provisions of the above paragraphs, if the total Grant amount set forth in this Grant Agreement is in excess of \$25,000.00, Grantee hereby further agrees that this Grant Agreement is expressly subject to the terms, conditions and representations of the following Certification:

 - 2. The State may withhold payments on disputed items pending resolution of the dispute. 25. Governing Laws

27. Independent Contractor

Both parties hereto, in the performance of this Grant Agreement, shall act in an individual capacity and not as agents, employees, partners, joint venturers or associates of one another. Neither party will assume liability for any injury (including death) to any persons, or damage to any property, arising out of the acts or omissions of the agents, employees or subgrantees of the other party.

The Grantee shall be responsible for providing all necessary unemployment and workers' compensation insurance for the Grantee's employees.

28. Licensing Standards

The Grantee, its employees and subgrantees shall comply with all applicable licensing standards, certification standards, accrediting standards and any other laws, rules or regulations governing services to be provided by the Grantee pursuant to this Grant Agreement. 29. Ownership of Documents and Materials

All documents, records, programs, data, film, tape, articles, memoranda, and other materials not developed or licensed by the Grantee prior to execution of this Grant Agreement, but specifically developed under this Grant Agreement shall be considered "work for hire" and the Grantee transfers any ownership claim to the State and all such materials will be the property of the State. Use of these materials, other than related to Grant Agreement performance by the Grantee, without the prior written consent of the State, is prohibited. During the performance of this Grant Agreement, the Grantee shall be responsible for any loss of or damage to these materials developed for or supplied by the State and used to develop or assist in the services provided while the materials are in the possession of the Grantee. - A. The Grantee shall submit progress reports to the State upon request, unless specified otherwise in Attachments A and B. The progress reports shall serve the purpose of assuring the State that work is progressing in line with the schedule and that completion can be reasonably assured on the scheduled date.
- B. The failure to provide progress reports as requested by the State is considered a material breach of the Grant Agreement and shall entitle the State to impose sanctions against the Grantee. Sanctions may include, but are not limited to, suspension of all Grant Agreement payments, and/or suspension of the Grantee's participation in State contract programs until such time as all material breaches are cured to the State's satisfaction. Sanctions may also include repayment of all State funds expended for activities that are not in the scope of this project as set forth in Attachments A and B of this Grant Agreement.

32. Remedies Not Impaired

No delay or omission of either party in exercising any right or remedy available under this Grant Agreement shall impair any such right or remedy, or constitute a waiver of any default, or any acquiescence thereto.

33. Security and Privacy of Health Information

If any final regulation or body of regulations relating to the administrative simplification provisions of the Health Insurance Portability and Accountability Act of 1996 ("Final HIPAA Regulations"), or any amendment or judicial or administrative interpretation of the Final HIPAA Regulations, prohibits, restricts, limits or materially and adversely affects either party's rights or obligations hereunder, the parties shall negotiate, in good faith, reasonable revisions to this Grant Agreement.

The purpose of the negotiations shall be to revise the Grant Agreement so that the affected party can act in accordance with such Final HIPAA Regulations, or amendment or judicial or administrative interpretation thereof, and avoid or mitigate such prohibition, restriction, limitation or material and adverse effect.

If the parties fail to agree to such revisions within forty-five (45) days after written notice from the affected party requesting negotiations under this paragraph, this Grant Agreement shall terminate. If so terminated the Grantee shall return or destroy all protected health information received from, created or received by the Grantee on behalf of the State. The Grantee shall retain no copies of such information in any form if feasible. If not feasible, the Grantee bears the responsibility of ensuring that the protected health information is maintained in a secure and confidential manner.

The invalidity of any section, subsection, clause or provision of this Grant Agreement shall not affect the validity of the remaining sections, subsections, clauses or provisions of this Grant Agreement.

The State is exempt from most state and local taxes and many federal taxes. The State will not be responsible for any taxes levied on the Grantee as a result of this Grant Agreement.

36. Waiver of Rights

No right conferred on either party under this Grant Agreement shall be deemed waived, and no breach of this Grant Agreement excused, unless such waiver is in writing and signed by the party claimed to have waived such right. Neither the State's review, approval or acceptance of, nor payment for, the services required under this Grant Agreement shall be construed to operate as a waiver of any rights under this Grant Agreement or of any cause of action arising out of the performance of this Grant Agreement, and the Grantee shall be and remain liable to the State in accordance with applicable law for all damages to the State caused by the Grantee's negligent performance of any of the services furnished under this Grant Agreement.
