GRANT AGREEMENT EDS # A70-5-0532409 (PHEP)

This Grant Agreement (this "Grant Agreement"), entered into by and between the Indiana State Department of Health (the "State") and Hancock County Health Department (the "Grantee"), is executed pursuant to the terms and conditions set forth herein. In consideration of those mutual undertakings and covenants, the parties agree as follows:

1. Purpose of this Grant Agreement; Grant Funds.

The purpose of this Grant Agreement is to enable the State to award a grant of \$17,908 to the Grantee for eligible costs of the services or project (the "Project") described in Attachments A and B of this Grant Agreement, which are incorporated fully by reference. The Project to further the achievement of three capabilities as the basis for state and local public health preparedness is described fully in Attachment A. The funds shall be used exclusively in accordance with the provisions contained in this Grant Agreement and in conformance with 42 USC 217(A) establishing the authority to make this Grant, as well as any rules adopted thereunder. The funds received by the Grantee pursuant to this Grant Agreement shall be used only to implement the Project or provide the services in conformance with this Grant Agreement and for no other purpose.

2. Representations and Warranties of the Grantee.

- A. The Grantee expressly represents and warrants to the State that it is statutorily eligible to receive these Grant funds. The Grantee expressly agrees to promptly repay all funds paid to it under this Grant Agreement should it be determined either that it was ineligible to receive the funds.
- B. The Grantee certifies by entering into this Grant Agreement that neither it nor its principals nor any of its subcontractors are presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from entering into this Grant Agreement by any federal or state department or agency. The term "principa!" for purposes of this Grant Agreement is defined as an officer, director, owner, partner, key employee or other person with primary management or supervisory responsibilities, or a person who has a critical influence on or substantive control over the operations of the Grantee.
- C. The undersigned also certifies that it and its principals:
 - have not within a three year-period preceding this certification been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state or local) transaction; violation of federal or state antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
 - are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (federal, state or local); and
 - 3. have not within a three-year period preceding this certification had one or more public transactions (federal, state or local) terminated for cause or default.

3. Implementation of and Reporting on the Project.

- A. The Grantee shall implement and complete the Project in accordance with **Attachment A**. Modification of the Project shall require prior written approval of the State.
- B. The Grantee shall submit to the State written progress reports until the completion of the Project. These reports shall be submitted on a **quarterly** basis and shall contain such detail of progress or performance on the Project as is requested by the State.
- C. The failure to provide progress reports as requested by the State is considered a material breach of the Grant Agreement and shall entitle the State to impose sanctions against the Grantee. Sanctions may include, but are not limited to, suspension of all Grant Agreement payments, and/or suspension of the Grantee's participation in State contract programs until such time as all material breaches are cured to the State's satisfaction. Sanctions may also include repayment of all State funds expended for activities that are not in the scope of this project as set forth in Attachment A of this Grant Agreement.

4. Term.

This Grant Agreement shall commence on **July 1, 2014** (the "Commencement Date") and shall remain in effect through **June 30, 2015** (the "Expiration Date"). Unless otherwise provided herein, it may be extended or renewed upon the written agreement of the parties and in conformance with IC §5-22-17-4, and as permitted by the state or federal law governing this Grant Agreement. In no event shall payments be made for work done or services performed before the Commencement Date or after the Expiration Date.

5. Grant Funding.

- A. The State shall fund this grant in the amount of \$17,908. The approved Project Budget is set forth as Attachment B of this Grant Agreement, attached hereto and incorporated herein. The Grantee shall not spend more than the amount for each line item in the Project Budget without the prior written consent of the State, nor shall the Project costs funded by this Grant Agreement and those funded by any local and/or private share be changed or modified without the prior written consent of the State.
- B. The disbursement of grant funds to the Grantee shall not be made until all documentary materials required by this Grant Agreement have been received and approved by the State and this Grant Agreement has been fully approved by the State.

Payment of Claims.

A. Unless otherwise authorized by statute and agreed to in this Grant Agreement, all payments shall be made 35 days in arrears in conformance with State fiscal policies and procedures and, as required by IC §4-13-2-14.8, by electronic funds transfer to the financial institution designated by the Grantee in writing. If advance payment of a portion of the grant funds is permitted by statute, and the State agrees to provide such advance payment, it shall be made only upon submission of a proper claim setting out the intended purposes of those funds. After such funds have been expended, Grantee shall provide State with a reconciliation of those expenditures.

EDS # A70-5-0532409 Page 2 of 14

- B. Requests for payment will be processed only upon presentation of a Claim Voucher in the form designated by the State. Such Claim Vouchers must be submitted with the budget expenditure report detailing disbursements of state, local and/or private funds by project budget line items.
- C. The State may require evidence furnished by the Grantee that substantial progress has been made toward completion of the Project prior to making the first payment under this Grant. All payments are subject to the State's determination that the Grantee's performance to date conforms with the Project as approved, notwithstanding any other provision of this Grant Agreement.
- D. Claims shall be submitted to the State within 20 calendar days following the end of the month in which work on or for the Project was performed. The State has the discretion, and reserves the right, to NOT pay any claims submitted later than 30 calendar days following the end of the month in which the services were provided. All final claims and reports must be submitted to the State within 60 calendar days after the expiration or termination of this agreement. Payment for claims submitted after that time may, at the discretion of the State, be denied. Claims may be submitted on a monthly basis only, unless otherwise specified in Attachments A or B. If Grant funds have been advanced and are unexpended at the time that the final claim is submitted, all such unexpended grant funds must be returned to the State.
- E. Claims must be submitted with accompanying supportive documentation as designated by the State. Claims submitted without supportive documentation will be returned to the Grantee and not processed for payment. Failure to comply with the provisions of this Grant Agreement may result in the denial of a claim for payment.

7. Project Monitoring by the State.

The State may conduct on-site or off-site monitoring reviews of the Project during the term of this Grant Agreement and for up to ninety (90) days after it expires or is otherwise terminated. The Grantee shall extend its full cooperation and give full access to the Project site and to relevant documentation to the State or its authorized designees for the purpose of determining, among other things:

- A. whether Project activities are consistent with those set forth in **Attachment A**, and the terms and conditions of the Grant Agreement;
- B. the actual expenditure of state, local and/or private funds expended to date on the Project is in conformity with the amounts for each Budget line item as set forth in **Attachment B** and that unpaid costs have been properly accrued;
- C. that Grantee is making timely progress with the Project, and that its project management, financial management and control systems, procurement systems and methods, and overall performance are in conformance with the requirements set forth in this Grant Agreement and are fully and accurately reflected in Project reports submitted to the State.

8. Audits and Maintenance of Records.

A. Grantee shall submit to an audit of funds paid through this Grant Agreement, and shall make all books, accounting records and other documents available at all reasonable times during

the term of this Grant Agreement and for a period of three (3) years after final payment, or until the date of the management letter if an audit is performed, for inspection by the State or its authorized designee. Copies shall be furnished to the State at no cost.

- B. If required by applicable provisions of the Office of Management and Budget Circular A-133 (Audits of States, Local Governments, and Non-Profit Organizations), or if requested by the State, annually and following the expiration of this Grant Agreement, the Grantee shall arrange for a financial and compliance audit of funds provided by the State pursuant to this Grant Agreement. Such audit is to be conducted by an independent public or certified public accountant (or as applicable, the Indiana State Board of Accounts), and performed in accordance with Indiana State Board of Accounts publication entitled "Uniform Compliance Guidelines for Examination of Entities Receiving Financial Assistance from Governmental Sources," and applicable provisions of the Office of Management and Budget Circulars A-133 (Audits of States, Local Governments, and Non-Profit Organizations). The Grantee is responsible for ensuring that the audit and any management letters are completed and forwarded to the State in accordance with the terms of this Grant Agreement. Audits conducted pursuant to this paragraph must be submitted no later than nine (9) months following the close of the Grantee's fiscal year. The Grantee agrees to provide the Indiana State Board of Accounts and the State an original of all financial and compliance audits. The audit shall be an audit of the actual entity, or distinct portion thereof that is the Grantee. and not of a parent, member, or subsidiary corporation of the Grantee, except to the extent such an expanded audit may be determined by the Indiana State Board of Accounts or the State to be in the best interests of the State. The audit shall include a statement from the Auditor that the Auditor has reviewed this Grant Agreement and that the Grantee is not out of compliance with the financial aspects of this Grant Agreement.
- C. The Grantee must provide a copy of its Audit Report to:

Indiana State Department of Health
2 North Meridian Street, Audit Section 2C-99
Indianapolis, IN 46204

- D. The Grantee must use internal controls that assure: 1) the reliability of financial information and records; 2) effectiveness and efficiency of operations; 3) proper execution of management's objectives; and 4) compliance with laws and regulations. Sufficient internal controls include but are not limited to segregation of duties and safeguarding controls over cash, other assets, and information processing.
- E. Upon written demand by the State, the Grantee will repay the State all money paid during any period of time when an audit showed inadequate fiscal documentation.
- F. If the State finds an audit exception, it may set off the amount against current or future allowable invoices, demand a cash payback, withhold payment of current invoices, or avail itself of any combination of the above remedies.
- 9. Compliance with Laws.
- A. The Grantee shall comply with all applicable federal, state and local laws, rules, regulations and ordinances, and all provisions required thereby to be included herein are hereby incorporated by reference. The enactment or modification of any applicable state or federal statute or the promulgation of rules or regulations thereunder after execution of this Grant

Agreement shall be reviewed by the State and the Grantee to determine whether the provisions of this Grant Agreement require formal modification.

- B. The Grantee and its agents shall abide by all ethical requirements that apply to persons who have a business relationship with the State as set forth in IC §4-2-6, et seq., IC §4-2-7, et seq., the regulations promulgated thereunder, and Executive Order 04-08, dated April 27, 2004. If the Grantee is not familiar with these ethical requirements, the Grantee should refer any questions to the Indiana State Ethics Commission, or visit the Inspector General's website at http://www.in.gov/ig/. If the Grantee or its agents violate any applicable ethical standards, the State may, in its sole discretion, terminate this Grant immediately upon notice to the Grantee. In addition, the Grantee may be subject to penalties under IC §§ 4-2-6, 4-2-7, 35-44-1-3, and under other applicable laws.
- C. The Grantee certifies by entering into this Grant Agreement that neither it nor its principal(s) is presently in arrears in payment of taxes, permit fees or other statutory, regulatory or judicially required payments to the State. The Grantee agrees that any payments currently due to the State may be withheld from payments due to the Grantee. Additionally, payments may be withheld, delayed, or denied and/or this Grant suspended until the Grantee is current in its payments and has submitted proof of such payment to the State.
- D. The Grantee warrants that it has no current, pending or outstanding criminal, civil, or enforcement actions initiated by the State, and agrees that it will immediately notify the State of any such actions. During the term of such actions, the Grantee agrees that the State may suspend funding for the Project. If a valid dispute exists as to the Grantee's liability or guilt in any action initiated by the State or its agencies, and the State decides to suspend funding to the Grantee, the Grantee may submit, in writing, a request for review to the Indiana Department of Administration (IDOA). A determination by IDOA shall be binding on the parties. Any disbursements that the State may delay, withhold, deny, or apply under this section shall not be subject to penalty or interest.
- E. The Grantee warrants that the Grantee and any contractors performing work in connection with the Project shall obtain and maintain all required permits, licenses, registrations, and approvals, and shall comply with all health, safety, and environmental statutes, rules, or regulations in the performance of work activities for the State. Failure to do so may be deemed a material breach of this Grant Agreement and grounds for immediate termination and denial of grant opportunities with the State.
- F. The Grantee affirms that, if it is an entity described in IC Title 23, it is properly registered and owes no outstanding reports to the Indiana Secretary of State.
- G. As required by IC §5-22-3-7:
 - (1) The Grantee and any principals of the Grantee certify that:

- (2) The Grantee and any principals of the Grantee certify that an affiliate or principal of the Grantee and any agent acting on behalf of the Grantee or on behalf of an affiliate or principal of the Grantee, except for de minimis and nonsystematic violations.
 - (A) has not violated the terms of IC §24-4.7 in the previous three hundred sixty-five (365) days, even if IC §24-4.7 is preempted by federal law; and

18. Termination for Breach.

A. Failure to complete the Project and expend State, local and/or private funds in accordance with this Grant Agreement may be considered a material breach, and shall entitle the State

to suspend grant payments, and suspend the Grantee's participation in State grant programs until such time as all material breaches are cured to the State's satisfaction.

B. The expenditure of State or federal funds other than in conformance with the Project or the Budget may be deemed a breach. The Grantee explicitly covenants that it shall promptly repay to the State all funds not spent in conformance with this Grant Agreement.

19. Termination for Convenience.

Unless prohibited by a statute or regulation relating to the award of the grant, this Grant Agreement may be terminated, in whole or in part, by the State whenever, for any reason, the State determines that such termination is in the best interest of the State. Termination shall be effected by delivery to the Grantee of a Termination Notice, specifying the extent to which such termination becomes effective. The Grantee shall be compensated for completion of the Project properly done prior to the effective date of termination. The State will not be liable for work on the Project performed after the effective date of termination. In no case shall total payment made to the Grantee exceed the original grant.

23. Confidentiality Of State Information.

The Grantee understands and agrees that data, materials, and information disclosed to the Grantee may contain confidential and protected information. The Grantee covenants that data, material and information gathered, based upon or disclosed to the Grantee for the purpose of this Grant Agreement, will not be disclosed to or discussed with third parties without the prior written consent of the State.

The parties acknowledge that the services to be performed by the Grantee for the State under this Grant Agreement may require or allow access to data, materials, and information containing Social Security numbers or other personal information maintained by the State in its computer system or other records. In addition to the covenant made above in this section and pursuant to

10 IAC 5-3-1(4), the Grantee and the State agree to comply with the provisions of IC 4-1-10 and IC 4-1-11. If any Social Security number(s) or personal information (as defined in IC 4-1-11-3) is/are disclosed by the Grantee, the Grantee agrees to pay the cost of the notice of disclosure of a breach of the security of the system in addition to any other claims and expenses for which it is liable under the terms of this Grant Agreement.

24. Disputes.

- A. Should any disputes arise with respect to this Grant, the Grantee and the State agree to act immediately to resolve such disputes. Time is of the essence in the resolution of disputes.
- B. The Grantee agrees that, the existence of a dispute notwithstanding, it will continue without delay to carry out all of its responsibilities under this Grant that are not affected by the dispute. Should the Grantee fail to continue to perform its responsibilities regarding all non-disputed work, without delay, any additional costs incurred by the State or the Grantee as a result of such failure to proceed shall be borne by the Grantee, and the Grantee shall make no claim against the State for such costs.
- C. If a party to the Grant is not satisfied with the progress toward resolving a dispute, the party must notify in writing the other party of this dissatisfaction. Upon written notice, the parties have ten (10) working days, unless the parties mutually agree to extend this period, following the notification to resolve the dispute. If the dispute is not resolved within ten (10) working days, a dissatisfied party shall submit the dispute in writing according to the following procedure:

The parties agree to resolve such matters through submission in writing of their dispute to the Commissioner of the Indiana Department of Administration. The Commissioner shall reduce a decision to writing and mail or otherwise furnish a copy thereof to the Grantee and the State within ten (10) working days after presentation of such dispute for action. The presentation may include a period of negotiations, clarifications, and mediation sessions and will not terminate until the Commissioner or one of the parties concludes that the presentation period is over. Commissioner's decision shall be final and conclusive administrative decision unless either party mails or otherwise furnishes to the Commissioner, within ten (10) working days after receipt of the Commissioner's decision, a written appeal. Within ten (10) working days of receipt by the Commissioner of a written request for appeal, the decision may be reconsidered. If no reconsideration is provided within ten (10) working days, the parties may mutually agree to submit the dispute to arbitration or mediation for a determination. If a party is not satisfied with the Commissioner's ultimate decision, the dissatisfied party may submit the dispute to an Indiana court of competent jurisdiction.

D. The State may withhold payments on disputed items pending resolution of the dispute. The unintentional nonpayment by the State to the Grantee of one or more invoices not in dispute in accordance with the terms of this Grant will not be cause for the Grantee to terminate this Grant, and the Grantee may bring suit to collect these amounts without following the disputes procedure contained herein.

25. HIPAA Compliance.

If this Contract involves services, activities or products subject to the Health Insurance Portability and Accountability Act of 1996 (HIPAA), the Contractor covenants that it will appropriately safeguard Protected Health Information (defined in 45 CFR 160.103), and agrees that it is subject to, and shall comply with, the provisions of 45 CFR 164 Subpart E regarding use and disclosure of Protected Health Information.

If any final regulation or body of regulations relating to the administrative simplifications provision of the Health Insurance Portability and Accountability Act of 1996 ("Final HIPAA Regulations"), or any amendment or judicial or administrative interpretation of the Final HIPAA regulations prohibits, restricts, limits or materially and adversely affects either party's right or obligations hereunder, the parties shall negotiate, in good faith, reasonable revisions to this Contract. The purpose of the negotiations shall be to revise the Contract so that the affected party can comply and/or act in accordance with such Final HIPAA regulations, or amendment or judicial or administrative interpretation thereof and avoid or mitigate such prohibition, restriction, limitation or material and adverse effect. If the parties fail to agree to such revisions within forty-five (45) days after written notice from the affected party requesting negotiations under this paragraph, this Contract shall terminate. If so terminated, the Contractor shall return or destroy all protected health information received from, created or received by the Contractor on behalf of the State. The Contractor shall retain no copies of such information in any form if feasible. If not feasible, the Contractor bears the responsibility of ensuring that the protected health information is maintained in a secure and confidential manner.

26. Indemnification.

The State shall not provide such indemnification to the Grantee.

27. Independent Contractor.

Both parties hereto, in the performance of this Grant Agreement, shall act in an individual capacity and not as agents, employees, partners, joint venturers or associates of one another. The employees or agents of one party shall not be deemed or construed to be the employees or agents of the other party for any purposes whatsoever. Neither party will assume liability for any injury (including death) to any persons, or damage to any property, arising out of the acts or omissions of the agents, employees or subgrantees of the other party.

The Grantee shall be responsible for providing all necessary unemployment and workers' compensation insurance for the Grantee's employees.

28. Licensing Standards.

The Grantee, its employees and subgrantees shall comply with all applicable licensing standards, certification standards, accrediting standards and any other laws, rules or regulations governing services to be provided by the Grantee pursuant to this Grant Agreement. against an applicable license, certification or accreditation, the Grantee shall notify the State immediately and the State, at its option, may immediately terminate this Grant Agreement.

29. Ownership of Documents and Materials.

Use of these materials, other than related to Grant Agreement performance by the Grantee, without the prior written consent of the State, is prohibited. During the performance of this Grant Agreement, the Grantee shall be responsible for any loss of or damage to these materials developed for or supplied by the State and used to develop or assist in the services provided while the materials are in the possession of the Grantee. Any loss or damage thereto shall be restored at the Grantee's expense. The Grantee shall provide the State full, immediate, and unrestricted access to the work product during the term of this Grant Agreement.

30. Penalties/Interest/Attorney's Fees.

The State will in good faith perform its required obligations hereunder and does not agree to pay any penalties, liquidated damages, interest or attorney's fees, except as permitted by Indiana law, in part, IC 5-17-5, IC 34-54-8, and IC 34-13-1.

Notwithstanding the provisions contained in IC 5-17-5, any liability resulting from the State's failure to make prompt payment shall be based solely on the amount of funding originating from the State and shall not be based on funding from federal or other sources.

31. Remedies Not Impaired.

No delay or omission of either party in exercising any right or remedy available under this Grant Agreement shall impair any such right or remedy, or constitute a waiver of any default, or any acquiescence thereto.

32. Severability.

The invalidity of any section, subsection, clause or provision of this Grant Agreement shall not affect the validity of the remaining sections, subsections, clauses or provisions of this Grant Agreement.

33. Taxes.

The State is exempt from most state and local taxes and many federal taxes. The State will not be responsible for any taxes levied on the Grantee as a result of this Grant Agreement.

34. Travel.

No expenses for travel will be reimbursed unless specifically permitted under the scope of services or consideration provisions. Expenditures made by the Contractor for travel will be reimbursed at the current rate paid by the State and in accordance with the State Travel Policies and Procedures as specified in the current Financial Management Circular provided by the Indiana State Budget Agency. The Financial Management Circulars are currently available at

www.in.gov/sba/2512.htm; the State will provide a copy of the current Financial Management Circular upon request. Out-of-state travel requests must be reviewed by the State for availability of funds and for appropriateness per Financial Management Circular guidelines.

35. Waiver of Rights.

No right conferred on either party under this Grant Agreement shall be deemed waived, and no breach of this Grant Agreement excused, unless such waiver is in writing and signed by the party claimed to have waived such right. Neither the State's review, approval or acceptance of, nor payment for, the services required under this Grant Agreement shall be construed to operate as a waiver of any rights under this Grant Agreement or of any cause of action arising out of the performance of this Grant Agreement, and the Grantee shall be and remain liable to the State in accordance with applicable law for all damages to the State caused by the Grantee's negligent performance of any of the services furnished under this Grant Agreement.

36. State Boilerplate Affirmation Clause.

ATTACHMENT A Budget Period 3 2014-15 BASE Public Health Preparedness Grant

The Centers for Disease Control & Prevention developed fifteen (15) capabilities to serve as national public health preparedness standards. These capabilities are the basis for state and local public health preparedness. CDC's document, *Public Health Preparedness Capabilities: National Standards for State and Local Planning*, is located online here: http://www.cdc.gov/phpr/capabilities/ and is hereby incorporated by reference into this grant agreement.

Local health department grantees have been working on at least three of the fifteen capabilities during previous budget periods. In previous budget periods, all local health department grantees were tasked with addressing the Medical Countermeasure Dispensing capability and choosing two additional capabilities to address during the term of the budget period. For Budget Period 3, Grantees will be asked to focus on tasks related to the final three capabilities that will be addressed at the local level, and have not yet been completed by their respective jurisdictions. The following represent the required activities and deliverables that the Grantee will undertake and/or submit, where applicable, as evidence of progress and achieving these three capabilities for purposes of this grant agreement:

Community Recovery

Community recovery is the ability to collaborate with community partners, (e.g., healthcare organizations, business, educations, and emergency management) to plan and advocate for the rebuilding of public health, medical, and mental/behavioral health systems to at least a level of functioning comparable to pre-incident levels, and improved levels where possible.

Identify health service delivery recovery priorities and jurisdictional partners

- During the budget period, utilize the Recovery Planning Guide template and guidance provided by ISDH to conduct a recovery planning meeting with jurisdictional partners. During this meeting, Grantees shall identify the public health service priorities specific to your jurisdiction, the partners involved in restoring these services, and potential gaps that exist within the jurisdiction that may be a barrier to restoring services. The Recovery Planning Guide template and guidance will be distributed to local health departments no later than July 1, 2014.
 - Required Submissions:
 Submit the completed Recovery Planning Guide and recovery meeting sign in sheet to ISDH by May 1, 2015.

Note: For additional information regarding recovery planning, see *FEMA National Disaster Recovery Framework – Health and Social Services Annex*

Mass Care

Mass care is the ability to coordinate with partner agencies to address the public health, medical, and mental/behavioral health needs of those impacted by an incident at a congregate location. This capability includes the coordination of ongoing surveillance and assessment to ensure that health needs continue to be met as the incident evolves.

Identify the primary points of contact for those organizations responsible for mass care in your jurisdiction and the immediate and ongoing public health services that may be required during mass care operations following a disaster

- Utilizing the data collection worksheet provided by ISDH, identify the points of
 contact in your jurisdiction primarily responsible for mass care operations (i.e.
 sheltering and feeding), identify the locations within your jurisdiction identified as
 public shelters during disasters, their approximate capacities, and the public
 health services that your jurisdiction may need as they relate to mass care
 operations. The ISDH will distribute data collection worksheet no later than July
 1, 2014.
 - Required Submissions:
 Submit the completed Mass Care data collection worksheet no later than
 May 1, 2015.

Responder Safety & Health

The responder safety and health capability describes the ability to protect public health agency staff responding to an incident and the ability to support the health and safety needs of hospital and medical facility personnel, if requested.

Identify the primary safety and health risks to public health personnel who may be involved in response operations in your jurisdiction and the appropriate protective measures that should be implemented

- Reference your jurisdictional hazard vulnerability / risk assessments, Medical Countermeasure Dispensing (MCD) Plan, local Comprehensive Emergency Management Plan, and other jurisdictional plans to identify public health roles and responsibilities related to identified risks. Utilizing the template provided by ISDH, document the medical, environmental exposure, and mental/behavioral health risks likely to be faced by public health responders and identify the protective equipment, protective actions or other mechanisms that public health responders (i.e. LHD staff and volunteers) will need to execute those potential roles. The ISDH will distribute the Responder Safety and Health data collection template by July 1, 2014.
 - o Required Submissions:
 - Completed template due no later than May 1, 2015

Budget Period 2 (BP3) Additional Requirements

- Grantee will submit the calendar portion of an updated multiyear Training & Exercise Plan (TEP) by May 1, 2015.
- Grantee will support the ISDH in providing information requested by CDC related to reporting on performance measures and comprehensive planning guides.
- Grantee will conduct 2 volunteer call-down drills during the grant year. The Grantee shall document the total number of volunteers called, the expected acknowledgment time, the number of volunteers responding within that acknowledgment time period and needed improvements. All volunteers considered active by grantee shall be included in the drill. The drills should take place approximately 6 months apart, and the Grantee shall submit the documentation listed above to ISDH within 30 days of completing each drill.
- Grantee will submit a progress report by no later than May 1, 2015 documenting
 activities undertaken during the grant year to build or sustain the remaining public
 health preparedness capabilities not specifically selected for achievement during
 BP3. ISDH will provide the template for the progress report. Grantee will
 complete the progress report to fully reflect activities undertaken by the Grantee
 during the grant year.
- Grantee will utilize SERV-IN as a volunteer management tool in their jurisdiction to include recruiting volunteers to the SERV-IN website for registration. Grantee shall maintain at least one staff person identified as the SERV-IN system administrator for their jurisdiction and submit their contact information to ISDH by November 30, 2014.
- Grantee will participate in 800 MHz Radio Drills during the term of the grant agreement. 800 MHz radio drills are conducted on the third Tuesday of each month. ISDH will provide an updated radio drill schedule. Participation is required twice per quarter once for the statewide drill and once for the applicable district drill. The 2013 800 MHz radio drill schedule was distributed to local health departments in December 2012. No documentation submission is required for this activity. ISDH staff maintains the records of participation. If there is a mechanical issue with the radio at the time of the drill preventing participation an e-mail describing the issue sent to ISDH staff PRIOR TO THE DRILL or AT THE TIME OF THE DRILL will be required. Other justifications for non-participation will be considered on a case-by-case basis.
- Grantee will provide ISDH requested information in support of the development
 of a statewide inventory of public health resources that local health departments
 may <u>voluntarily</u> provide to support other jurisdictions during emergency response
 operations.

- Grantees that use federal preparedness grant funds to support emergency communications activities must comply with the fiscal year 2013 SAFECOM Guidance for Emergency Communications Grants. The guidance is intended to ensure that federally funded investments are compatible and support national goals and objectives for improving nationwide interoperability. SAFECOM guidance is available at http://www.safecomprogram.gov.
- Grantee shall be compliant with the National Incident Management System (NIMS).
- All exercise related activities shall be conducted in accordance with the guidelines set forth in the Homeland Security Exercise and Evaluation Program (HSEEP).

ALL DOCUMENTATION SUBMISSIONS TO ISDH SHALL BE SUBMITTED TO THE APPLICABLE DISTRICT TEAM LEAD. GRANTEE UNDERSTANDS AND ACKNOWLEDGES THAT ISDH DISTRICT TEAM MEMBERS WILL CONTACT GRANTEE A MINIMUM OF ONCE PER MONTH TO ASCERTAIN PROGRESS RELATIVE TO THESE GRANT REQUIREMENTS AND GRANTEE AGREES TO BE RESPONSIVE TO THESE REQUESTS FOR INFORMATION.
